Why am I revelving this? Mr. Cooper completed an analysis of your excrow account to ensure that the account is funded correctly, determine any surplus or shortage, and adjust your monthly payment accordingly. Mr. Cooper maintains an excrow cushion equal to two months' estimated taxes and insurance (unless limited by your loan documents or state law). This measure belos to avoid negative balance in the event of changing tax and insurance amounts.

What does this mean for me? At this time, your Escrew Account has less money than needed and there is a shortage of \$0.00. Due to this shortage and changes in your taxes and insurance premiums, your monthly escrew payment will increase by \$5.00. Effective 09/01/2022, your new total monthly payment\* will be \$1,160.85.

Total Payment	Current Monthly Payment	Payment Changes	New Monthly Payment
PRINCIPAL AND INTEREST	\$985.21	\$0.00	\$985.21
ESCROW	\$170.64	\$5.00	\$175,64
Total Payment See below for whortone calculation	\$1,155.85	\$5.00	\$1,160.85

What is a Shortage? A shortage is the difference between the lowest projected balance of your account for the coming year and your minimum required balance. To prevent a negative balance, the total annual shortage is divided by 12 months and added to your monthly excrew payment, as shown

Please see the Coming Year Projections table on the back for more details

Escrow Payment Breakdown	Current Annual Dishursement	Annual Change	Anticipated Annual Disbursement	
COUNTY TAX	\$2.047.66	\$60.03	\$2,107.69	
Annual Total	\$2,047.66	\$60.03	\$2,107.69	

If you have questions about changes to your property tuses or homeowners' (assensive premiums, please contact your local taxing authority or insurance provider. For more information about your loan, please sign in at www.mrcwoper.com.

## Prior Year Account History and Coming Year Projections

This is a statement of the actual activity in your escrow account from 09/21 through 08/22. This statement itemizes your actual escrow account transactions since your previous analysis statement or initial disclosure, and projects payments, disbursements, and balances for the coming year. The projections from your previous escrow analysis are included with the actual payments and distursements for the prior year. By comparing the actual escrow payment with the previous projections lated, you can determine where a difference may have occurred. When applicable the letter 'E' beside an amount indicates that a payment or disbursement has not yet occurred but is estimated to occur as shown.

Projections are included to ensure sufficient funds are available to pay your taxes and/or insurance for the coming year. Under Federal Law (RESPA), the lowest monthly balance in your sensor account, the lowest monthly balance in your sensor account, unless your mortage decountents are state law specifies the relative reported estimated lowest account balance of \$351.28 will be reached in December 2022. When subtracted from your minimum required balance of \$351.28 will sensor Shortage results in the amount of \$0.00. These amounts are indicated with an arrow (c).

This escrow analysis is based on the assumption that all escrow advances made on your loan prior to your bankruptcy filing date are included in your bankruptcy plan and will be paid in the plan. This analysis considers insurance, taxes and other amounts that will come due after the filing of your bankruptcy case.
